Please select the desired Phones from the list below. Please keep in mind that **If you need a phone to ring to a certain group, then that phone set needs to have its own VoIP line.**

Example:

If your Auto attendant tree has the following options:

- For sales press 1
- For tech support press 2
- For accounting press 3

Then you need 3 VoIP lines, one for each option

EVS has standardized its phone options to the **Yealink brand** due to its versatility, compatibility with our VoIP Platform and reliability:
