

Free 30-Minute AI Governance Pulse Check – Spot Risks, Secure Your Future

AI Governance Pulse Check

A complimentary 30-minute assessment that gives you a clear, visual snapshot of your organization's AI governance posture.

What you'll receive

- A 30-minute discovery call with an AI Governance specialist.
- One-page **Governance Gap Summary** that includes a risk heat-map highlighting your highest-priority exposure.
- Two concrete, quick-win actions you can implement immediately to reduce risk.

Why it matters

- Instantly identifies shadow-AI, data-leakage, or compliance gaps that could jeopardize your business.
- Provides actionable guidance you can start using right away, with no obligation or cost.
- Positions your company to move from ad-hoc AI experiments to a structured, governed AI environment.

How it works

1. Schedule a short call (you choose the time).
2. Our specialist maps your current AI usage, tools, and users.
3. You receive the one-page summary and recommended next steps within 48 hours.

Ready to gain instant insight into your AI governance health?

Book your free Pulse Check now and take the first step toward secure, scalable AI adoption.
